

Want to get into an engineering course?

Here's how to *double* your chances.

Get a solid foundation
in school

- It has a track record
- It has trained faculty
- It has good teaching material
- It anticipates exam questions
- Teachers are accessible and helpful
- You can discuss with other batch-mates in the class

Perfect to clear
basic fundamentals for
Class 11 and 12 PCM students
And for those preparing
for competitive examinations
like IIT JEE, AIEEE etc.

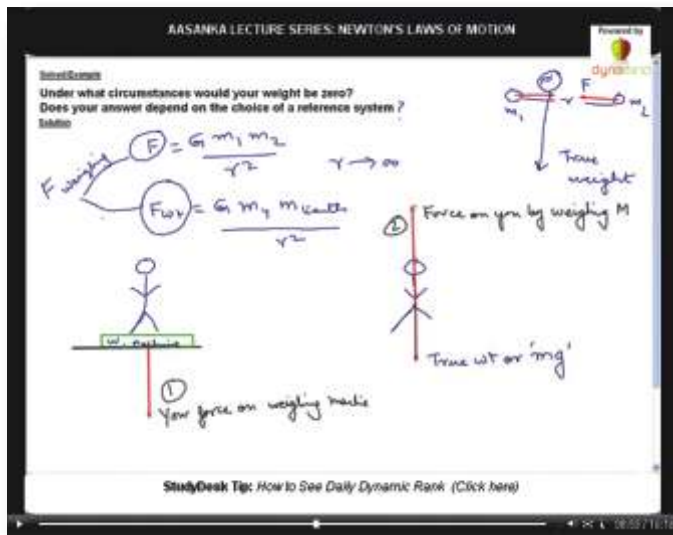

Register for
Aasanka online/tutoring/
mentoring system

Aasanka is the world's first on-line system for lectures, assignments, assessments & feedback, all in one. It is superior to all other systems because it provides individual attention

- Don't worry about forgetting lectures. Your lectures are available to you 24x7-whenver, wherever you choose
- Take print outs of chapter assignment, solve and submit. The system will immediately tell you your weak areas and give you fresh assignments
- The assignments are customised - to identify your weakness and turn them into strengths
- You get daily, dynamic All India rank at course, subject, topic and chapter level
- Personalised feedback is available, anytime

**Need reference material?
The system will provide the references
based on your strengths and weaknesses**

Listen to the chapter lecture carefully

All board and competitive examination require clarity in basic concepts

Refer reference books

Repeat steps 1 and 2 until confident

Register now at <http://11and12.aasanka.com> for one FREE chapter of the course

Submit and re-Submit Assignment and see feedback on weak areas and work on it

Following are your Assignments.

Assignments	Attempt / Reports
1 Objective - Units and Dimensions	Mentor Mode Test Mode
2 Subjective - Units and Dimensions	Attempt
3 Subjective - Scalars and Vectors	View Report Attempt again
4 Subjective - Kinematics	View Report Attempt again
5 Objective - Kinematics	Mentor Mode Test Mode
6 Subjective - Newton's Laws of Motion	Attempt
7 Subjective - Friction	View Report Attempt again

Out of 6 questions, you got
0 correct answers
0 wrong answers

The areas that need your special attention are listed below:

Kinematics

- Instantaneous Acceleration
- Instantaneous Velocity
- Average Velocity
- Average Speed

Recommended web-links to gain proper understanding of the concept. Click on a weak Key Concept listed above to study it further.

Benchmark yourself against the best and keep improving

Rank Report on: Units and Dimensions

Date	Rank	Percentile
29-JUN-2008	10	9.09
28-JUN-2008	8	11.11
27-JUN-2008	8	11.11
26-JUN-2008	8	11.11
25-JUN-2008	8	11.11
24-JUN-2008	8	11.11

Move to courses IIT JEE & AIEEE for higher application problems

StudyDesk is available for:

You are registered for:
Class 11 and 12 Basics
Course Registered on March 12-2008
Course will expire on April 30-2010

You are registered for:
AIEEE
Course Registered on May 21-2008
Course will expire on May 12-2009

You are registered for:
IITJEE
Course Registered on January 06-2008
Course will expire on April 30-2010

Move to IIT JEE and AIEEE only when basics are done

Courses containing problems with higher application
