Sub: Illegal construction and land grabbing by land mafia with the help of MCGM H/W Ward, Khar Police Station, MCGM Legal Department and its lawyers.

May it please your Honor

Further to my plaint dt.5th October, 2005, I beg to draw your attention to suits 5815/5889 of 2001, 3281/2002, 2792/2001, 4268/2002, 4419/2003, 6383/2003, 3384/1984, 4714/2003. In all these cases the following modus operandi has been followed:

- i.) Illegal construction and encroachment was overlooked and allowed despite numerous complaints.
- ii.) The complainant and his family members were beaten up and Khar police station personnel refused to register any complaint despite medical evidence.

- iii.) A notice was given after the construction was completed allowing sufficient time to the culprits to contest it in court.
- iv.) At the time of the hearing proper documents were deliberately not presented and MCGM lawyers failed to argue their case, thus enabling decrees to be granted in favor of the land mafia. If no notice had been given in the first place the construction would have remained illegal at least on paper, whereas after the whole charade it enjoys legal status.
- v.) No appeal was filed by MCGM legal department subsequently, or any attempt made to justify the notices sent by it.

I say that this is an ongoing and flourishing racket in which encroached property worth crores of rupees and the illegal construction on it is legalized by abusing the very process of law. I furthermore beg to aver that sufficient documentary evidence exists to prosecute MCGM authorities, Khar Police Station and the operative land mafia involved in these cases under appropriate sections of the IPC, but nothing is being done because I can ill afford to engage a lawyer and my experience with legal aid has been unproductive.

I have applied for roznama in all the above suits but have yet to be obliged by the registrar. I say that the inordinate delay in this matter demands explanation.

I therefore, beg you most humbly to look into the matter and initiate legal proceedings against all those involved.
