Intervention of Disability

AID AND ABET

Project for the orthopedic care

The project is conceptualized for the people who are seeking the orthopedic aids and appliances after the impairment due to accident, surgery, or congenital deformities.

The concept was initiated by one of our Governing Member Mr. Vijay Bhatia, Senior Prosthetic and Orthotic Engineer. He has been visualizing in his practices that there are many voluntary organizations providing the crutches, wheelchairs, calipers for the needy and poor persons with physical disabilities but many of the needy and poor people who are in need of orthopedic aids and appliances like splint, traction kits and spares, fracture aids, general aids, plasters, etc. at that situation they may not find any assistance to fulfill the orthopedic care.

Due to unavailability of such aids, their disability becomes severe and some time profound and the persons lost their functioning and mobility, resulting they may become unable to be an independent, loss their schooling, and losses their employment.

We would like to request to the sponsors to please provide the grant to start the AID and ABET project at Manovikas as a pilot project.

UPCOMING PROJECTS

Comprehensive Programme for Quality of Life & Living

...... A TQM APPROACH

The Comprehensive Programme for Quality of Life and Living with Dignity, Respect, Choice and Recovery for People with Developmental Disability has initiated by the Manovikas family from the year 2008. This programme has Total Quality Management (TQM) approach and it will keep up the significant approach towards the basic objective of the National Trust Act for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities, Ministry of Social Justice and Empowerment, Govt. of India. The programme would be started on pilot basis and same may be implemented and support the other organizations.

The Vision of the Programme is finding Optimal quality of life for, especially those experiencing mental, cognitive and developmental disabilities, or similar impairments.

The purpose of this Comprehensive Programme is to guide resource allocation, decisions in the development of services, workforce, and facilities to meet the needs of beneficiaries. The overall goal is a developing a service system that quickly meets the needs of each individual, where highly qualified staff from agencies have to work together to provide seamless care for the best outcome possible for each person.

Initially we will include 20 beneficiaries at Manovikas as on research and pilot basics and after the half yearly follow-up the number of beneficiaries may be extended up to 100 from the different localities and institutions.

The TQM strategy will include various activities; under six defined Major heads:

1. Mental Health
2. Personal Security and physical well being
3. Nutrition
4. Health and hygiene
5. Education

System Strategies will include prevention, integration of services, infrastructure development, workforce development, employment, and public awareness. Increasing public acceptance of target beneficiaries through education is a long-term effort to improve their lives.
Editorial

The authorities that be have responded to the requirements and anxieties of the parents of children with autism. In a PIL that was filed by a group of parents, the Hon'ble High Court has accepted the plea of the Ministry of Social Justice and Empowerment, through the National Trust, that a standardised scale for evaluation of autistic children and more importantly, for implementation of deliver services has been developed.

Manovikas is privileged that this was developed by us and the standards were found acceptable by the Hon'ble High Court. In the spirit of creating superior service deliveries models, the National Trust has started a programme for training of mainstream schoolteachers in more effective strategies for teaching autistic children. The National Trust has chosen us to be one of the accredited Training agencies. On behalf of the National Trust, we have already conducted two training courses where over 45 teachers have been trained.

We strongly believe that parents are the main players in creating meaningful lives for the developmentally challenged. We have therefore started Parents' Interaction Days. The first was addressed by Mrs. Poonam Natarajan, Chairperson of the National Trust and the parent of a special child. Her special insight and understanding created an instant bond with all the other parents who were part of the interaction.

A new venture is our Multi Sensory Teaching unit and in our next issue we will give, a comprehensive report about what we are sure will be its success.

Our plans for the future include implementation of TQM Total Quality Management for all the wards and students at Manovikas. We also want to reach out to poor children with orthopedic disabilities and are working through our Board Member and distinguished Orthotic and Prosthetic Engineer Mr. Vijay Bhatia in establishing it. In a few months, we should be able to report significant progress.

PRIME VISITORS OF YR. 2008

Smt. Poonam Natrajan
Chairperson, National Trust
MSJE, Govt. Of India

“Good to Visit Manovikas again & see the motivation and enthusiasm. Wish you many more success for the future.”

Shri Braham R. Aggarwal
Chairman, Park Square, US

“A great improvement in the overall facilities and operations. A great service to the mentally challenged & their families.”

VERY SPECIAL HONOR TO

Shri. Aggarwal for the donation of $5000 towards the advancement of services and multi sensory modulation room for the poor and needy developmentally challenged children at Manovikas.
मौज — मस्ती

प्रत्येक वर्ष की तरह इस वर्ष भी मनोविकास परिवार होस्टल और स्कूल के बच्चों एवं सदस्यों के साथ Out door Picnic के लिये चंडीगढ़ एवं शिमला गये थे। बच्चों के साथ उनकी माता —पिता, भाई—बहन ने भी इस यात्रा का भरपूर मजा लिया। चंडीगढ़ में रोज गार्डन, रॉक गार्डन, सूकना लेक, Museum आदि देखा। बच्चों ने कई प्रकार के पकवान का भी मजा लिया। अगले दिन हम शिमला के लिये रवाना हुये। पहाड़ियों के बीच से होटी हुई हमारी बस हमें हरियाणा का आनन्द दे रही थी। दोपहर 12:00 बजे हम शिमला पहुँचे और शिमला में हम मॉल रोड, लकड़ कारार, प्राचीन हनुमान मंदिर गये। पिकनिक का आनन्द और लुट्च ‘होम आफ होप’ के द्वारा कराया गया।

Their problem in psychological, developmental, educational and other diseases were diagnosed and prescribed for the further treatment, counseling, schooling and inclusion in mainstream society.

People from each corner of Delhi and especially from the East Delhi had join in in this two days camp.

Developing Minds...
मैं हरीश विज्ञ मनोविकास परिवार का खास सदस्य जिसने जुलाई 2007 में अपना महत्वपूर्ण कदम यहाँ रखा था…… मैं एक आम व्यक्ति से थोड़ा कम हूँ, मैं 17 वर्ष का हूँ और मुझे बोलने में कठिनाई है लेकिन आपकी बात समझ सकता हूँ।

आई आई मैं अपने परिवार से आपका परिचय करवाता हूँ, सबसे दुःखमयी बात यह है कि मेरी माता एवं पिता दोनों ही नहीं है। जब मैं करीब 8-9 साल का था उनका देहांत हो गया, तब से मैं अपने एक बड़े भाई और छोटी बहन रुचि के साथ रहता हूँ। इत्तफाक से मेरा बड़ा भाई भी गंभीर मानसिक मंदता का शिकार है और उसकी दैनिक जीवन की गतिविधियाँ भी सामान्य लोगों से बिलकुल अलग हैं, उसके व्यवहार से समाज में लोग उसे अलग नजर से देखते हैं। रुचि, मेरी प्यारी बहन 12वीं कक्षा की छात्रा है जो हम दोनों भाईयों की काफी मदद करती है।

मैं मनोविकास में परिवार में कदम रखते ही काफी कुछ सीख लिया हूँ और यहाँ की देख-रेख अपनी पूरी जिम्मेदारी से करता हूँ। यहाँ मुझे कई तरह के कामों को सिखने-समझने का अवसर प्राप्त हुआ है। जैसे-अगरबत्ती बनाना, मोमबत्ती, चित्र बनाना आदि।

मैं मनोविकास परिवार के साथ शिमला और चंडीगढ़ भी गया था और मुझे बड़ा मजा आया आजकल मेरी अभिरुचि खेलकूद में काफी हो गई है। मैं अपने को चन करने से स्थान स्पेशल ओलंपिक में भोपाल और झारखंड गया था, वहाँ मुझे लोगों से मिलने तथा बहुत बाल रुचि सीखने का मौका मिला। इसी तरह मैं धीरे-धीरे मनोविकास में रहते हुए काफी आगे बढ़ना चाहता हूँ, मैं चाहता हूँ कि कोई मुझे कोई ऐसी नींद की मिले, जिससे मैं अपने भाई और प्यारी बहन रुचि का सहारा बन सकूँ, और आपके सहयोग से आसामन को चुम सकूँ। यह मेरी और मेरे मनोविकास की बड़ी सफलता होगी।

हरीश

खेल-कूद प्रतियोगिता

इस वर्ष की Special Olympic प्रतियोगिता में हमारे बच्चों ने state level बोस्सो प्रतियोगिता में meddle प्राप्त किया। हरीश भोपाल football की ट्रेनिंग के लिये गया था।

वर्ष 2008 में मनोविकास स्कूल के बच्चों ने खेल-कूद में काफी हिस्सा लिया और सफलता भी प्राप्त की है। राजीव, अमित अभिषेक, हरीश ने कई पदक प्राप्त किया। पदक प्राप्त करने से उनके हांसले काफी बुलंद हुए हैं।
मेरी बेटी अकांक्षा जैन 5 साल से मनोविकास में आ रही है। मैं सीमा जैन 4 साल से Manovikas Independent Living Centre में काम कर रही हूँ। मैं इस संस्थान केसरी नामकरणी की ट्रेनिंग की है।

मेरी बेटी मुक्त–बिघर व अति अल्प मानसिक मंद है। मैं सबसे पहले 'होम आफ्ह होप' को धन्यवाद देती हूँ कि आकांक्षा को एक श्रवण यंत्र दिया और साथ–साथ मनोविकास में आकर उसके स्पीच, पढ़ाई व अन्य कामों में काफी परिवर्तन हुआ और आज आकांक्षा प्रमिलावाई चब्बहान विधालय में जाती है। जहाँ से वह प्रथम कक्षा पास कर ली है।

मनोविकास से वह कई बार Drawing, Dance Program में भाग लिया, साथ ही Special Olympic के Race और Bocce Ball में भाग लेकर वह जमशेदपुर झारखंड खेलने के लिए गई थी।

मनोविकास में लगातार अभ्यास से उसके इतना परिवर्तन हुआ है कि अब वह धीरे–धीरे independent हो गयी है। मेरे अंदर भी आज इतना आत्म–विश्वास आ गया है कि मैं Bachelor in Social Work में ज्यादातर वर्ष की पढाई कर रही हूँ।

आज मैं अपनी बेटी और अपने career के लिए परेशान नहीं परिपक्व और स्वावलंबी हूँ।
Well-governed and trust worthy
Voluntary Organisation

Manovikas Charitable Society is an organisation responsive to the need of the Society, is a democratic and transparent in its function and accountable to all concern.

NOW WE ARE REGISTERED WITH
