

CONCESSIONAL HEALTH CHECKUP CAMP

Consistent with the highest Standards in the Indian Healthcare Industry

Thyrocare®

A NABL Accredited, ISO 9001:2008 Certified Brand # By CDDEE
PRECISE BLOOD DIAGNOSTIC CENTRE

Dear Members,

In the 21st Century most people have come to recognize & value the strength of Good Health. Most activities these days are machinery and technology driven and these investments / spending are further safeguarded by availing Annual Maintenance Contracts (AMC) to keep them in good working condition. Likewise for Human Beings their AMC are considered to be Regular / Periodic Health Checkups. To remain competitive, forward looking persons have valued and adopted this yearly practice of Preventive Healthcare to their advantage.

About Thyrocare:

- ⊙ Thyrocare is NABL & CAP, USA accredited, CRISiL 'A' graded and ISO certified multi specialty diagnostic laboratory. It has also an International Quality Accreditation from BIORAD, USA; EBRA, Germany and from RANDOX, UK. (These are the highest standards in the Healthcare Industry & our laboratory is one the most advanced clinical laboratory in Asia).
- ⊙ Thyrocare is well known for their QLC (i.e. Quality with Low Cost). We believe that Quality is never an accident, it is always the result of high intention, sincere effort, intelligent direction and skillful execution. It represents the wise choice of many alternatives.
- ⊙ Thyrocare's Vashi Central Processing Laboratory (CPL) at Navi Mumbai spreads over 50,000 sq. ft. is equipped with state of the art equipment worth over Rs. 35 crores, using imported reagents, kits and with the most advanced technologies.
- ⊙ Thyrocare is a networked fully automated, multi specialty diagnostic laboratory providing services to more than 1,000 cities, 15,000 hospitals / labs, 1,00,000 consultants, 10,00,000 doctors in the country, processing on an average of over 25,00,000 specimens a year.

We have found that, there is a big difference between being, healthy and apparently healthy. Statistics suggests that there is an urgent need to address the issues related to healthcare. Disease can strike people of any age bracket having any kind of lifestyle. Fatal or Life threatening diseases like Cancer, diabetes, kidney failure, heart troubles, paralysis, etc., have best chances of cure if detected and treated in the early stages as these "silent" diseases do not show their symptoms till it is too late. It becomes important to have preventive health checkups to help detect any impending health troubles or life threatening ailments and take corrective action.

And Remember, "A Stitch In Time, Saves Nine". So, Take Advantage Of This Offer by Getting Your Tests Done & Relax.

Regards,

V. Goradia

Varun Goradia
Executive Officer

Offer Only Valid Upto : 10th May 2009

BASIC HEALTH CHECKUP PROFILE (recommended for participants below 30yrs)

COMPLETE LIPID PROFILE

1. Total Cholesterol
2. HDL Cholesterol
3. LDL Cholesterol
4. Triglycerides
5. VLDL Cholesterol
6. LDL / HDL Ratio
7. TC / HDL Cholesterol Ratio

LIVER TEST

8. Sr. Bilirubin (Total)
9. SGOT
10. SGPT

THYROID TEST

11. Thyroid Stimulating Hormone - TSH

KIDNEY TESTS

12. Serum Creatinine
13. Calcium

ROUTINE TESTS PROFILE

14. Blood Sugar Fasting (Instant)
15. Erythrocyte Sedimentation Rate (ESR)
16. Leucocytes (Total WBCs)
17. Neutrophils
18. Lymphocytes
19. Monocytes
20. Eosinophils
21. Basophils
22. Erythrocytes (Total RBC's)
23. Haemoglobin
24. Hematocrit
25. Mean Corpuscular Volume
26. Mean Corpuscular Hemoglobin
27. Mean Corpuscular Hemoglobin Concentration
28. Red Cell Distribution Width
29. Platelet Count
30. Platelet Distribution Width
31. Mean Platelet Volume

Urine Routine - 10 Tests i.e.

32. Urinary Glucose
33. Urinary Bilirubin
34. Urinary Ketone
35. Specific Gravity
36. Urine Blood
37. Ph
38. Urinary Protein
39. Urobilinogen
40. Nitrite
41. Urinary Leucocytes

Total 41 Tests / Parameters

MARKET RATE : ~~RS. 2,000/-~~

Special Rate : **RS. 475/- Only**

10 TO 12 Hrs. Fasting Essential
