PROJECT CARES

Child Assistance and Right Educational Support

A KAMINO Initiative
Helping Children along the way ....

a project undertaken by

DISCOVER CHARITABLE TRUST
PROJECT C.A.R.E.S

OUR MISSION is to make a positive difference in the lives of less privileged children...by providing them with an opportunity to help achieve their dreams.

HOW MUCH DO WE CARE?

Children are our future and we believe that every Child has a right to an education and to a chance in life. There are millions who do not get this chance! PROJECT Cares is aimed at bringing hope to these children forced to live a life without any dreams because of poverty.

To fulfill our Mission, PROJECT Cares requires YOU to share in its vision of making a meaningful difference to the life of a Child having no opportunities, no wings, no possibilities and not many to care.

There are too many children waiting for someone to help them break free from the clutches of poverty and exploitation...waiting for someone like YOU who CARES.

CARES is a project aimed towards building a better tomorrow for these Children, because we care...

About PROJECT CARES...

We are a team of like minded individuals who are committed to this cause and want to support and encourage children by providing them with Hope, Love, Laughter and Inspiration to help them achieve their dreams.

Our Focus is on Children living in slum areas, where the parents are so poor that they can not afford to educate or even clothe and feed their children. PROJECT Cares will bring hope to these Children who would otherwise become street orphans and child labourers.

PROJECT Cares is a program formulated to help the needy Children to pursue their education at school, college & later on vocational training. Our commitment has lead us to design this unique program that takes the Child through from Kindergarten to Graduation / Diploma.

PROJECT Cares takes responsibility to ensure that the education of the Child in our care is completed. Each Child enrolled in this project will be assisted with required books, clothes and medical aid. PROJECT Cares focuses purely on Children in real need regardless of their background and family orientation.

OUR COMMITMENT involves...

➤ Providing proper education and giving Children a better future.
➤ Nurturing the Child with love and care to grow and blossom.
➤ Monitoring the growth of the child by frequently visiting their school to know their progress.
➤ Scheduling fortnightly visits to their homes and also counseling the parents so that the Child is in an environment conducive to their growing.
➤ Arranging interactive events and fun activities - picnics, parties, etc bringing Parents, Children and Co-Parents together... thereby creating an environment of love and caring for the Child.
PROJECT Cares focuses on development of the Child's self esteem and self worth. Seminars and workshops are held to help develop proper attitudes. Active mentoring is required for the growth and development of the Child. These seminars in the long run help the Child develop respect for themselves, their background and the confidence to overcome the barriers to their growth.. providing them with the ability to overcome social and environmental pressures that are typically faced by these children while pursuing education. **Helping them Discover their inner potential and creating an identity for themselves in society.**

It is our belief that the Child can be truly helped only when all the people around him/her are also willing to change especially the family in which he/she lives. We therefore give special attention by organizing seminars for parents to create awareness since the parents attitude greatly influences the Children and their interest and ability to learn. This helps them relate to their child's environment. We also encourage them to create the friendly, nurturing and healthy environment at home which is necessary for the Children to grow in freedom.

**HOW CAN YOU HELP?**

PROJECT Cares gives you the platform to contribute in a variety of ways including giving your time and/or money for this cause. With Your Valuable Gift a Child will be able to go to school and grow up to a bright future. **YOU can help change the life of a Child.**

**SPONSOR A CHILD**

The Children enrolled in the project will be supported in their schooling (pre-school) right up to Graduation. By Sponsoring a Child, you will help a Child receive proper education, medical assistance and other facilities like books, bag, uniform, toys and Fun.

*Your generosity can change a Child's life.*

On becoming a Child sponsor, you will receive a picture of your sponsored Child, information on the child as well as regular progress reports so that you can see how your gifts are benefiting the Child and making a difference in their life. You can visit the project on open days, keep up to date on our web-site and write to your sponsored Child.

**PARENT A CHILD**

You may also choose to help "Parent a child" by being a part of our "Co-Family". **Parent A Child is a relationship... A commitment of genuine love, concern, caring and desire to be involved in their journey of self discovery.**

This would require your personal Time, Love and Care for the Child you will be actively involved in the entire process and would be sharing the responsibility for monitoring the child's progress in school as well as at home... providing your guidance constantly.

*Your presence would go a long way in helping them grow to be successful individuals.* You could be a part of many special moments during the organization of fun activities, interactive learning workshops, parties and picnics. The Child would be happy to have you as a Role model / Guide.

We seek Volunteers who individually and/or through their corporations will contribute in funding for the development of these children.

Corporates have the opportunity to sponsor children through a lifetime of education. Their employees can also volunteer their time in the lives of these children by undertaking activities like reading, tutoring, etc.

**SPONSOR A CHILD TODAY & GIFT THEM A FUTURE !!!**
ABOUT US...

DISCOVER 

is a Charitable Trust established in 2004. The Trust has been involved in many social welfare ventures. We believe it takes more than an idea to change a Child's world. It takes energy, commitment and a deep concern to nurture the child and change their environment. DISCOVER brings together a diverse group of people committed to this shared purpose.

Jim Nayyar is the inspiration behind DISCOVER. A dynamic person wanting to empower kids to believe in themselves and go for their dreams. Jim, an NRI, is based in London. He is very passionate about getting everyone involved internationally in this good cause. Vignesh Manjeshwar brings his charisma, flamboyant energetic spirit and his love for humanity to the cause. He dreams of a transparent loving world. They along with the other trustees Vilma Misquith, Vanessa Manjeshwar, Swaroop Shetty, Yvonne Baptista bring their warmth, enthusiasm and dedication to PROJECT Cares. We are a group of successful people wanting to spread happiness among the lesser privileged. We sincerely believe we are here to make a difference.

Here is an overview of some of the projects undertaken by us....

- Provided assistance to many poor schools in Mumbai as well as in Pune.
- Organized Tree Plantation Drive.

- Regularly conduct Free Motivational Seminars for Teachers and Students - Our future assets.

- Organized "Feed the Poor" for 1540 under privileged.
- Helped the Adivasis living on the outskirts of Maharashtra.

- Provided financial assistance to several people for kidney transplants, heart surgeries, dialysis and post operative care.
- Donated Water Coolers and set up a Library in the nearby Police Stations.
- Currently helping 75 poor children in Pune with their educational expense.
- Organize regular Blood donation camps.

We still have a long way to go....
